PATENTED

RAM® X-Grip® Universal Phone Holder with Ball - B Size

Part # RAM-HOL-UN7BU **UPC** 793442932298 **Ball Size** B

Price \$39.49

OVERVIEW

The RAM® X-Grip® Universal Phone Holder (RAM-HOL-UN7BU) is a rugged, spring-loaded phone mount designed to securely hold a wide range of phones—with or without a case. Featuring the signature four-leg “X” design, the cradle expands and contracts to provide a strong, open-air grip that keeps your device fully accessible without obstructive foam pads or plastic covers. Constructed from high-strength composite and stainless steel, the X-Grip® is built to withstand vibration and demanding environments, making it ideal for vehicles, motorcycles, and outdoor applications. Compatible with a wide range of RAM® double socket arms and mounting bases, this universal phone holder integrates with RAM® ball and socket technology for near-infinite adjustability and added shock and vibration damping. A device tether is included for extra security in off-road and high-vibration use cases.

FEATURES

- Spring-loaded 'X' design with rubber caps sports great holding power without hiding your phone; includes optional device tether for peace of mind during rugged use
- Compatible with any B size RAM® Mounts double socket arm; ball and socket technology allows for near-infinite adjustability
- Made of powder-coated, marine-grade aluminum, stainless steel components, and high-strength composite for durability and reliability in the most demanding environments
- Backed by a lifetime warranty
